OBSERVER'S NOTES

Good morning everybody!
The chill winds are blowing
With little threats of snowing;
Why complain or whine?
Hear the Robin bravely singing,
On the highest branches swinging:
Soon the sun will shine.
Do good deeds with right intention;
Think of pleasant things to men-
tion,
Cheerio, friends of mine!

That's fine about pledging to do a good deed every day, yet there is much in speaking of the good deeds you know of other people doing. In my own feeble way, that is what I have striven to do in these notes. Isn't that one way of "provoking one another to good works" as the Bible commands us to do?

A little brother fell down and hurt one of his legs; he cried and along came sister and helped him to his feet; off they went, each happier for one good deed. In the

world, in our country,—and in our town, so many are hurt—crippled financially; need to be helped on their feet. Are we each one trying to do this?

Here is beginning with bits of cheer, Miss Jackson tells us that of the one hundred children and mothers given dinners at the Community restaurant only sixty-five came this week; the others are now provided for at home, their fathers having found jobs. Isn't that a note of cheer? Not only to these families but to our whole community of which they are part.

Let it be your firm intention, Each good thing you hear to mention.

This will be a sure way to ward off gloom and discouragement. You all know how a face pulled long and dismal spoils all the good cheer of breakfast. Every day there are kind deeds, even in your home. Helpful, kindly acts. "Think on these things" and make mention of them to cheer.

We notice some other towns do not have Clean-up Week until May. We have ours in April so we can be ready to enjoy moving and May flowers, with all the cobwebs removed. By the way, May moving seems to be no more a national affair, most in our town begin with early birds and move in March.

Contentment, so the sages say, Still riches far outranks; Yet will it our back taxes pay, Or loosen up our banks?

Never mind, heard the other day of a man who saved ten thousand dollars by not getting it from those who owed him. That's a cross-legged puzzle, "believe it or not."

Trust it to Klehms to have just the shrub, vine or tree you want if you only search for it. The other day Mr. and Mrs. Ed Fritz, went on a research tour in the Klehm treecent. Most of all they wanted a snow apple tree. Mr. Klehm thought they no longer had that variety in the orchard. Mrs. Fritz went sleuthing and found twenty snow apple trees, not apple trees, but "innocuous desuetude" (or is that term outlawed?). Anyway as a "reward of discovery, the Edward Fritzes now have a snow apple tree.

We never for one minute doubted that our home merchants can supply our needs for clothing, fabrics, hardware and provisions. The trouble is that greatest of all needed articles, common sense is an uncommon article not to be found in any shop or store, and that is why lacking it, we rush to Chicago to lose.

We are rather amused to note the British Journals calling Lindbergh "The Prince of Wales" in position in America. We feel far more pride in Lindbergh's devoted friend, Ambassador Herrick, comparing his brevity of speech, his wisdom beyond his years and his droll philosophic manner of expression to our Abraham Lincoln. This suits America far better.

Fine to read in the Herald this week, all about the old board and the new, how splendidly the old Board conducted village affairs, and on their proud record the two retiring members pass into private life. The hail and greeting to the new members, and the wish that the "mantle piece" of Goedke and Jasper may rest upon these newly initiated officials.

High ideals for our friends encourage them to live up to them. As Socrates or Shakespeare, or our Farm Bureau member said, "There is so much good in the worst

of us and so much bad in the best of us. It ill becomes the rest of us" to be continually criticizing and finding fault. Thinking well, and speaking well of our friends, even when they are public officials, encourages them to do all things honorably and well. Try this out.

No, it isn't "birds" you hear chirping so harmoniously in our postoffice—its "baby chicks" sent by parcel post. Chicken dinners in the makings on their way to various destinations; poor little things wonder if our dignified P. M. has to feed them to keep them quiet. At any rate they are fine pets for children, only they will grow up.

Paul Arneinan told us of a big price he was getting for one of his "pugnacious" puppies; some one wanted it for a pet for his children. A baby chick is preferable for when you tire of it you can eat it. Fine idea Mr. Arneinan has to help keep the wolf from the door" by selling these fine puppies. Mrs. Alice Sienro also makes her dogs—those huge Great Danes—bring fancy prices, though one shivers with fright when they bark, and show their great wide open faces.

Everybody and all his "in-laws" in this town keeps a dog, some keep several. Dogs are loyal, faithful creatures, though often let run too unrestrained. I like dogs, yet fear the untaught ones. Some one said, "The more I know of men, the better I like dogs." Yet dogs can't vote or maybe if they could our country would never have gotten in all today's mixup.

Saw such an interesting little boy at the League play the other night. He sat with his parents and while the play was going on he never took his eyes off the stage. He sat forward with his beautiful dark eyes following each move the actors made; listening to every word, his little hands clasped, and every move registered. Dear little boy, I hope life will prove as interesting to him as did that play. God protect and guide the children.

I heard a devoted mother once say "If only I could give to my children a vision of life as experience has led me to see it." It is well in our Father's plan we cannot see just what is ahead for us. Had we known in the morning just what the day held for us we might have put greater things into it; gleaned greater things from it. This is not given. Each must find the sorrow and the joy for themselves. Happy are they who rejoice in the things that make possible the beauty of the roses.

So many Aprils pass away, Before we learn the happy art of gleaming from each dismal day, Its golden heart.

So many sunny summers flee, Ere we discern the magic spell; That lights their deepest mystery, Life's miracle.

If youth had had the grace to read, The secret wonder of the years, We might as flying years succeed, Mine pearls from tears.

The way the fathers blindly went, The children still must fare; Unseeing that the lives stern-rent Most blossoms bear.

One man asked another down on Davis corner yesterday why he was taking his umbrella and raincoat when the day had no sign of rain. His reply was it was the day for the picnic his wife was to attend and she said taking his rain protectors would prevent rain. That reminds me of a cute little boy over on Belmont. As I was going along with an umbrella over me to

shade my eyes from the glare of the sun, this little fellow called out to me, "This is a nice day." I said, "It surely is." He came back with "Then why are you carrying an umbrella over you?"

This is a fine morning, April 30. Of course, April did fool us about an early spring, no matter spring is here. Now let us all be good. Better yet, let us do good. Being "good" possibly sitting out of the turmoil and stress of things, is not according to the Golden rule, or Lord gave to us—that is, to "do good."

Such a morning as this who can think evil of any one. Let us not judge lest we err. "The Lord looketh on the heart" man judges by the outward appearance. We do see things so often from a wrong point of view. If we could only know many times we would be more charitable in our judgments.

How we do fail to appreciate the best things in life. The good in our friends, the kindness of friends and neighbors, we get a wrong idea of the best and priceless things. We set a distorted value on money and do not appreciate the priceless things money cannot buy. The wealth of mind, the untold value of "a good name" a stainless name, the beauty of nature and everywhere shown the goodness of God.

Strange we are and even funny, Thinking nothing worthwhile but money; Bright minds, clean morals and good health, We fail to estimate as wealth.

Once came a man to this old town, Born to a title of renown; Yet without money he might claim The grandeur due his ancient name, And so we turned him down.

If he had come with blazon shield, And all that foreign titles yield; No one had dared to show him scorn, Bowing to one so honored born, He went away forlorn.

One came with richest stores of mind, Treasures it took years search to find; Too modest to proclaim aloud, Riches with which he was endowed; He passed as underneath a cloud.

Of mental wealth he made no claim, No honor for his blameless name; Since for no price could he be bought, We still refused the work he sought,

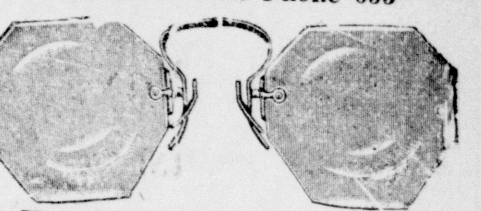

Crushing his noblest aim. Came one, new rich, boasting, elate, Who blew his horn entering our gate; His gaudy panoply made way For all great honors men could pay, He held the wealth for which men pray.

None questioned how this wealth he gained, They saw the grandeur he maintained; Riches take wings and fly away, So many here the price did pay, To one who dared not longer stay Lest some of us complained!

Ah! me, we are so tragic funny, We see no riches save in money; The sage of Israel did proclaim: No riches equal a good name; The wealth of earth, its riches dower, Are naught compared to wisdom's power. —Elinore Crisler Haynes.

The Religion of Sensible Men "As for that," said Waldenshire, "sensible men are all of the same religion." "Pray, what is that?" inquired the prince. "Sensible men never tell." —Disraeli in "Endymion."

Girls To Meet In Play Day At Bensenville H.S.

By ED. SHAW

Well, the girls of the Northwest Conference finally get a good break after all. It seems as if the dear fair sex have been clamoring for some time for some sort of inter-conference activities such as the boys have—at least, that's what your devoted enunciator has been willing to believe. The date of Saturday, May 14, will therefore be an important one when the Girls' Athletic associations of the various high schools in the Northwest Conference send their representatives to Bensenville to participate in the new series of annual Play Days.

The purpose of the Play Day meet is:

1. For the encouragement of a friendly feeling in the Northwest Conference.
2. For the girls of the Northwest Conference to become better acquainted, and
3. For the girls to learn to play together and with each other instead of against each other.

The following plan was scheduled so that the purpose of the meet could be fully achieved. Each school represented will send a team of eight girls, each of which is placed on a different team for the day and thus no two girls from the same school will be on the same team. One girl from each school is on every team so that there will be no possible competition between any two schools.

To make things interesting and contesting very much worth while, individual awards are to be given to the color team winning in each event, and a grand award will be given to the members of the team winning the most events.

At this time of writing, Bensenville is the only school that has announced who the representatives on its team will be. They are: Genevieve Standard, Grace Kirsch, Irma Breiter, Mary Jane Bartholomew, Eleanor Schoo, Evelyn Baumgarten, Edna Krueger, and Mary Laho. It's quite a team according to reports from Bensenville and the names of the individuals composing the other school's teams will be published next week if they are available.

Will Take Whole Day
This Play Day affair is going to be quite a day, believe you me, and the girls will be kept on the jump from nine o'clock in the morning until almost four in the afternoon. Miss Eleanor Metheny, director of Girl's Physical Education at Bensenville high school, will be the director of the Play Day committee. All the girls will be required to register between 9:00 or 9:30 a. m. They will report to the registrars—Mildred Tanning and Herta Breiter. After this, the monkees shines begin and the first event will be folk dancing and oh, baby, it's sure going to be great fun! Not only then but all day long. Here's the program schedule:

9:00-9:30—Registration.
9:30-10:00—Folk Dancing.
10:00-11:00—Baseball.
11:00-12:00—Volley ball.
12:00-1:15—Lunch period.
1:15-2:15—Archery & Tennis.
2:15-2:45—Progressive Games and Challenges.
2:45-3:15—Relays.
3:15-3:45—Awards and Conclusion.

Arlington Squad To Be Busy

The Arlington track squad is going to be a busy one for the next two weeks. So far they have participated in four meets since the outdoor season began and have been victorious in three of them. Two were won by the first team and one by the Frosh-Soph squad. Both squads doubled the score on Bensenville two weeks ago. The first team held an eight point margin of victory over Palatine and Barrington in the annual triangular meet a week ago, and on last Saturday the first team dropped to fourth place in the big meet at Palatine won by Crane of Chicago.

This week the Frosh-Soph squad has two meets scheduled. On Wednesday Barrington's underclassmen are to be met at Palatine's track and on Friday the postponed meet with Libertyville's youngsters is to be held on Arlington's own back yard. On Saturday morning Arlington's first team is to meet Leyden's track squad from Franklin Park. This is the first year Leyden has had track.

On Tuesday of next week, May 10, Lake View of Chicago, is bringing their two squads out to Arlington for a double dual. And then on Saturday, May 14, the State Sectional meet is to be held at La Grange. A few of Arlington's best are entered.

The following Wednesday, May 18, the annual Northwest conference meet is to be held at Libertyville. Then the season closes May 21, with a dual meet with Woodstock. Somewhere in between a double dual meet with Palatine is to be sandwiched.

Crane of Chicago Takes Local Meet

Crystal Lake, Barrington and Arlington Trail

Last Saturday afternoon Palatine was host to five other high schools in a six way track meet. The present Palatine coach, Megel, sponsored the meet, which was won by Palatine's ex-coach, Harrison Kincaid, whose Crane high school squad from Chicago was victorious in the meet.

In reality a trio of speedsters brought home the victory for Crane. Two of them ran one, two in all three dashes. A third boy won the 440. These three and another won the relay and accounted for practically every point won by Crane. Crystal Lake was second accounting for most of their points in the field events.

Barrington of the Northwest conference took third and was trailed by Arlington, Palatine and Bensenville. Meyer of Palatine took two firsts and a third for high point men in the conference. Meister of Barrington ran a pretty heat in the high hurdles and was close up in the lows.

Two good races were run in the half and mile. Two Arlington boys came in almost shoulder to shoulder in a battle for first place. Hasz, a senior, barely nosed out Rohlwing, a frosh. F. Brodman of Arlington was barely beaten in the mile by Mavis of Crystal Lake after a thrilling stretch run.

Barrington and Arlington garnered most of their points by general strength rather than with a pair or trio of stars.

Tailor Bird

The tailor bird is a small song bird of India, Malaysia and the Philippines. It is so named because it fashions its nest by ingeniously sewing together the edges of a large leaf with bits of silk, wool or vegetable fiber.

LONG GROVE PLAYS BARRINGTON NEXT SUNDAY, MAY 8th

Long Grove will open the season Sunday, May 8, with Barrington the opponent.

The game will be played at Barrington, the Grove boys expecting a large crowd of good rooters, for their last year's games showed that the fans are out to see them win as they did last year, which was 16 out of 20 games.

Red Holste will be Jim's receiver this year, which will be about the only change in the line-up, except for Joe Gahlbeck, who will take charge of second base. The boys failed to beat Barrington in their

one and only chance at the latter last year, but plan to take them into camp Sunday, May 8.

So, if you want to see the boys start the season out right, come out and show the old spirit. The game will be called at 3 o'clock, so don't fail to attend.

Seventh District May Breakfast To Be Wednesday, 11th

Members of the Seventh District, Federation of Women's Clubs, and their friends, will have a May breakfast and card party at the Mohawk County club, Irving Park boulevard, Wednesday, May 11 at 12 noon. Mrs. W. D. Amaden, 1215 Prairie avenue, Des Plaines, is in charge of arrangements.

The Financial "Power-House" of the Community

What is a bank? Is it just a money warehouse where cash is kept in storage?

A bank is a financial power-house, generating current to keep the wheels of business turning. It transforms money into the electricity of credit and makes one dollar do the work of ten.

There would never be enough money to do the business of the world, if it were not for our banks. In the United States we transact business to the amount of hundreds of billions of dollars annually, with only five billions of actual circulating money.

We do ninety-five per cent of our business by bank check and promises to pay of one kind or another. By bookkeeping between our system of twenty thousand banks, we add money to one account and subtract money from another in a different part of the country, without a single dollar bill changing hands.

You need the service which banks are able to render. Your community cannot do without them. In turn, the banks need the patronage and co-operation of their depositors. Only by confidence in each other and by service to each other can banks and their depositors mutually benefit and profit.

THREE GIRLS WIN COUNTY SPELLING BEE

South Niles Center Student Has Perfect Score; Teachers Win Praise

Successful over 83 other local spelling champions, Emily Gatzke, 12-year-old pupil of Fairview school in South Niles Center, Mrs. Eleanor Sonne, teacher, won the 20th annual County contest last Saturday in the civil service examination room of the Chicago city hall.

Emily spelled 75 difficult words correctly. Her nearest competitor, Lucile Treichler of Bartlett public school, missed four. Wilma Wille, of Elk Grove school, third in the County contest, missed six.

First, the following fifty words were pronounced from Jones Complete Course in Spelling: Performance, Initial, Chisel, Bay, Niece, Smoky, Capillaries, Orchestra, Syringe, Avenue, Sleeves, Exaggerate, Diaphragm, Embarrass, Endeavor, Paralysis, Bouquet, Woolly, Partition, Campaign, Sulfur, Neuralgia, Relief, Embroidery, Satchel, Nuisance, Amateur, Mortar, Souvenir, Capsize, Chry-

anthemum, Puiverize, Balloon, Gouge, Column, Misspell, Pursue, Chocolate, Rhinoceros, Permanent, Rehearsal, Diphtheria, Gnaw, Necessary, Grammar, Abscess, Noticeable, Leopard, Acquaintance.

Thirty-seven of the 84 pupils survived this test, and were then given the following final list selected from newspapers:

Adolescence, structural, irrelevant, pragmatic, sponsorship, truculent, cyst, preference, beneficiary, erroneous, irrefutable, succinctly, piquant, unbelievable, technicalities, facile, indispensable, amiable, subsidiary, punitive, equitable, domicile, amiability, repercussion, rendezvous.

The four words that stumped Lucille were "ameliorate," in which she inserted an extra "m"; "preference," which she spelled "preference"; "succinctly," in which she left out the first "c," and "punitive," which she spelled "punitive."

The six words Wilma missed were "facile," "piquant," "equitable," "domicile," "cyst," and "repercussion."

The first and third winners from two-room schools in Mr. Aken's division Three; the second from a three-room school in Division One, Mr. Puffer, director of education.

Mrs. Sonne, principal and teacher in Fairview school, has been preparing her champion for the past three years for this event and for this honor of being the spelling champion of Cook county schools. Mrs. Sonne has been principal of the Fairview school for over ten years; and Emily Gatzke has been in the school from first to eighth grade and will graduate this year. She won second in the county contest last year; all her friends felt satisfied she could win first this year. Her teacher's sunny disposition was far more sunnier after this contest, and her name being Sonne, why not?

Mrs. Sonne was not excited during the whole contest. Mrs. Sonne as well as Emily are congratulated by their Director of Education and by the Cook County Herald.

Miss Jacobs, principal and teacher in Elk Grove school, is to be congratulated also upon the success of Wilma Wille winning third place, and thus bringing honors upon herself, her teacher, and the district. Everyone is proud of her success and offer their congratulations. Good, efficient teachers deserve the highest commendation of the directors, patrons and school officials.

Mrs. Elvira Brandt, teacher in Bartlett school, is also congratulated, as well as Lucille, who has competed with Miss Emily Gatzke on two previous occasions in the spelling contest conducted by WBBM.

Lucille is only 11, the youngest of the three winners.

Medals, and school banners were the only material prizes given. The distinction and glory of achievement are the chief rewards. The 27 pupils who were perfect in the first 50 words were heard later in the day over WIBO. Seven of these were boys.

MANY NEW TROOPS ORGANIZED

Not only have the existing troops been maintained but the number of troops has been increased nearly 100 per cent. Two years ago there were fourteen troops and about four hundred scouts in the local organization. At the present time there are 26 troops, one sea scout ship and two cub packs. About 675 boys are actively affiliated. The troop organization committee, one of the most active committees in the council, has been directly responsible for this unusual expansion. If this year's goal is attained, the membership of the council will be approximately 800 boys in 35 units.

Programs and rules are out for the Second Annual Spring rally to be held at Lions park, Des Plaines, Saturday, May 14, as announced in last week's paper.

Storing Apples

A temperature of approximately freezing, or a degree or two below, is best for keeping stored apples.

Schools

ELK GROVE SCHOOL, DIST. 59

Elk Grove school is going to have a party and dance May 12.

We have improved our tennis 100 per cent. Nearly all the boys and girls are playing tennis. We bought a new net and balls. The boys are busy practicing league. Roy Brophie is their manager, he is the proprietor of the barbecue on Higgins and York roads. The boys cannot find anybody to play; anyone wishing a game, please call Bensenville 34-W-2, and arrangements will be made.

We made posters of trees and colored them in ink; also some twilight posters. Some of the boys are making wren houses. The 5th, 6th, 7th, 8th grades made posters of foreign people.

Editor: Paul Koske; assistant editor, Harold Schoe.

RIVER ROAD SCHOOL

"Ye Old Time Dance and Modern Dances" Friday evening, May 13, at River Road school, 1 block south of Higgins under auspices of the River Road Achievement club from 8 p. m. to 1:00 a. m. Admission, 35 cents. A Minnich orchestra. A worth while prize awarded to the lady and girl wearing the costume best portraying colonial times.

Mr. Callahan visited us Thursday, April 8, and gave standardized tests to some of the upper graders.

Friday, April 29, we celebrated the birthdays of Margaret Newman, Christ Veremes, and Louis Baile. Thanks to Mrs. Newman and Mrs. Baile for their kind donations to the party.

Last week Elda Zimmerman and Marianne Baile worked to compose music words for our "Achievement Medley." We give Elda credit for finally composing the words for one of our numbers.

Saturday, April 30, Lillian Harnack represented our school as a delegate to the Cook county final spelling contest. Lillian was one of the fortunate who passed the first test perfectly and was privileged to broadcast over WIBO station.

Our upper grades are making a scrap book of all happenings in our school.

The eighth graders are reviewing for the final exams to be held soon.

The primary grades made \$60 profit on seeds sold and the upper room \$1.68. Howard Hachmeister was our bookkeeper.

Margaret and Marcella Newman were pleasantly surprised to have their father, who is in the U. S. Navy, return home for a visit.

PUNCTUALITY

I go to River Road school, Dist. 78. My teachers' name is Mrs. Raven. My director of education is Mr. Callahan.

I have attended school seven years without missing a day and was never tardy. We start at 15 minutes to nine in the morning and are dismissed at 3 p. m.

I start for school at 8 o'clock a. m., to reach school on time. We had 29 in our room but one moved away that leaves us 22. We still

have eleven in our room that have not missed a day nor been tardy this year.

Miss Katherine Padden, Aid to Mr. Tobin, Gone

Miss Katherine Padden, for 21 years secretary to Mr. Edward J. Tobin, Cook county superintendent of schools, passed away at her home, 7255 Indiana avenue, Saturday morning, from an illness that began about four months ago.

Miss Padden came to this office one month before I did," was Mr. Tobin's comment. "She was the most faithful, efficient and loyal employee in the County building. Such devotion was a rare quality. She was my closest advisor at all times. Her death is keenly felt."

The funeral was held Monday at the late home; thence to St. Columbinus' church; interment in Mount Olivet cemetery. Present and former Directors of Education in Cook county acted as pall bearers: Messrs. Noble J. Puffer, Homer J. Byrd (now county commissioner), Robert E. Downs, Clarence M. Callahan, Paul J. Sheehan, and Otto F. Aken. Teachers in County schools sent floral offerings. They and the directors of education extend deepest sympathy to the mother of the deceased. Mrs. Bridget Padden, also a brother, George, two sisters, Josephine and Mrs. Edward J. Tobin, and other relatives and friends.

SCOUT COUNCIL TROOPS ACTIVE

The Northwest Suburban Council has just completed a two-year period without losing a troop. During a similar period every troop under the jurisdiction of the local council has completed its application for a new charter before the expiration of the previous one. Troops that fail to do this are considered lapsed; so there have been no lapsed troops in the local area since the first of 1930. In making this report, a recent meeting of the Executive Board, Scout Executive Nimtz attributed the success of this work to the fact that most of the local troops are well organized with trained scoutmasters and assistants and active troop committees, and it is their cooperation that has made this record possible.

World's greatest truck value!

NOTHING like this has ever been done before. In offering this big, powerful, heavy-duty truck at \$595, Diamond T crashes into a market which has never known such truck engineering and truck construction.

Today, when careful investment has everywhere replaced old, careless methods of buying equipment, the 26-year-old quality reputation of Diamond T makes a low price really mean something. Dozens of America's largest truck fleets are preponderately Diamond T... one fleet in particular includes 3,000 of these famous trucks.

Read the "high-spot" specifications of this new \$595 Diamond T. Your own judgment will tell you that it is, indeed, the "World's Greatest Truck Value."

Come in and see this great truck for yourself—that's the best way to judge its superiority.

THEATRE SHOWS FOR NEXT WEEK

"Zombie" Thriller on Tivoli Stage

The all-thrilling, all-chilling mystery stage play which played at the Adelphi Theatre at \$3.00 top ticket with Pauline Starke, screen star, in leading role. Also screen program—"It's Tough to Be Famous," hilarious satire with Douglas Fairbanks, Jr., and Mary Brian.

Betty Compson in Person at the Uptown Theater

Betty Compson, lovely blonde film star in person, displaying her talent at singing, acting and playing the violin. Screen—"Miracle Man," one of the most powerful pictures of the year with an all star cast headed by Sylvia Sydney and Chester Morris.

Barbara Stanwyck At The Paradise

"So Big," Edna Ferber's immortal story transformed to the screen with the talented and beautiful Barbara Stanwyck giving the greatest performance of her career. A suspenseful, gripping picture. On the stage—"Five Races"—musical extravaganza in which the action covers many lands. Full of fun, beauty and pretty girls.

"The Wet Parade" At the McVickers

"The Wet Parade," now at the McVickers Theater boasts of one of the strongest casts assembled in many seasons and one of the most interesting and dramatic yet depicted on the talking screen.

Based on an essentially modern theme it depicts the turmoil of modern living contrasting the fast hectic life of today with the period before the World War when such things as night life, sophistication and political corruption did not occupy so much space on the front pages of the daily newspapers.

Romantic Comedy At United Artists

"This Is the Night," a gay, sophisticated comedy, is now at the United Artists Theater. It boasts of a unique cast of funsters. "This Is the Night" is a speedy love comedy of matrimonial complications set to music. It is the story of a beautiful bride played by vivacious Lily Damita who is pursued by three persistent suitors. Then follows a comedy love affair that ends merrily about 10 minutes before the curtain falls. "This Is the Night" is a speedy love comedy of matrimonial complications set to music. Jackie Cooper and "Chic" Sale Co-Star at Oriental

Jackie Cooper, beloved child-star and Charles "Chic" Sale, veteran character actor of stage and screen will be seen together for the first time on the screen of the Oriental Theater, Friday, May 6, in a delightful picture for young and old, "When a Feller Needs a Friend."

Jackie, who is remembered for his splendid work in "Skippy" and "The Champ" and more recently by his personal appearance at the Chicago theater, portrays the role of a lame boy named Ralph, who is treated like a real boy by his Uncle Jonas. Young Cooper is said to give one of the most amazing performances of his short and illustrious career.

"Chic" Sale will make you laugh and cry in his characterization of 70 year old Uncle Jonas. Ralph Graves and Dorothy Peterson as Jackie's Mother and Father, are splendid in their respective roles. Other players who creditably perform their roles are Andy Shuford as the tough bully, Freddie Helen Parrish as Diana, the "baby vamp," Donald Hayes, Gus Leonard and Oscar Apfel.

"Forward March" boasts of an unusually large cast of entertainers picked from the cream of the Broadway crop.

The Corephilia society met at the home of Mrs. Elmer Crane, Monday evening.

Will you have "Cabbages or Dollars" May 18.

Go to church Sunday! You remember May 8 is Mother's Day.

Mrs. Lucy Rapp has moved into the garage on her home property occupied by her daughter, Mrs. Allen; and the Mr. and Mrs. Joe Bouffard have moved into his brother's house recently vacated by Mrs. Rapp.

Mr. and Mrs. Lachlan Stuart, Mr. and Mrs. Wm. Poehls, Miss La Marsh and Mr. Tom Roe, of Chicago, and Mr. and Mrs. Lachlan Stuart, Jr., of Glenview, were last Sunday guests of Mr. Robert Reed and family. Our oldest veteran is enjoying his usual good health and is always glad to have his children come to his home.

The Sunshine club will meet the 12th of May with Mrs. Raoul Peeter instead of Mrs. Charles Lewis as at first arranged. These hostesses decided to exchange dates, so the "Sunshine" with Mrs. Raoul Peeter, May 12.

Will it be cabbage or dollars? Postponed to May 18.

Mr. and Mrs. Koopman have moved from the Krause apartment house to 110 South Chestnut avenue.

Mrs. C. P. Draper and her daughter, Mrs. Klehm, went to Woodstock Wednesday to visit her niece and take lunch with Dr. Draper.

Dr. and Mrs. Dunn spent a pleasant week-end with Miss Elinor Redeker and the Ackerman Brothers at Peru, Indiana. While there they visited the winter quarters of Hachenbach & Company circus in time to see all the animals before starting out on the season's trip.

"Will We Have Cabbages or Dollars?" postponed from May 13 to May 18.

Tuesday this week the Club Chorus to the number of 14, went to the "Log Cabin" for a delightful outing, a pot luck luncheon, games and a regular lark. Not a May Queen crowned, since all were "It." None of their stirring songs and choruses just a rollicking riot of fun, and freedom, with no critics or reporters on the ground.

Mr. and Mrs. Irvine Melzer and children from White Pigeon, Michigan, came to join a family group in celebrating the 51st wedding anniversary of their parents, Mr. and Mrs. Wm. Melzer at Des Plaines last Sunday. Mrs. Joe Melzer from here was in the group.

The Legion auxiliary held their regular meeting Tuesday evening. They were planning for their regular monthly trip to Elgin to carry friendly cheer and gifts to our ex-soldiers there. Aside from this trip,

they are planning a trip to Normal, to visit the home of orphan children, to take a birthday cake for the protegee of the auxiliary branch here, little Lila Lee, who will be eight years old this month. Beside the cake they will take a doll, so she can have a real party. At Christmas time she decided she would like either a raincoat or a doll, so they gave her a raincoat for Christmas, and now will take her the doll for her birthday.

Read about Mother's Day special that is being offered by Frenchy. A permanent for only \$3.50. See page 5.

Miss Dorothy Wolf attended a bridge party given by Miss Sylvia Brix in their new apartment in the Landmeier apartments, Thursday evening.

Mr. and Mrs. Nick Schmidt left by car Monday morning for a lie-down trip to San Francisco, via St. Louis and Kansas City, to visit with their son, who is in the Navy and ordinarily stationed in Honolulu.

Winkelman Has Car Equipped with Air Tires

Elroy Winkelman, Goodyear dealer at Arlington Heights has equipped his service car with the new Goodyear Airwheel tires. "It is almost unbelievable the way bumps and uneven spots are absorbed without jolt or jar," Mr. Winkelman said. "The much larger cushion of air on which the car rides is of course the explanation. You really ride on a road of air."

Air pressures as low as ten pounds are used, depending on the car weight and size of Airwheel. The 6.50-16, a popular size for Ford, Chevrolet and Plymouth cars, carries from 12 to 15 pounds air pressure, Mr. Winkelman explained. The big new Airwheel tires for automobiles are said to be a direct development from the aviation Airwheel Goodyear introduced some years ago and which revolutionized airplane tire equipment. The same factors of extreme cushioning traction and safety for planes, so vital in safe landings and takeoffs, are carried into the automobile Airwheel tires.

Cars equipped with Goodyear Airwheel tires are easy to steer, turn and park, it is asserted. A car on these big tires is low-slung and close to the road because the rolling radius is practically identical to that of standard size balloon tires.

In equipping a car, the present wheels are simply demounted at the hub and new small disc wheels and Goodyear Airwheel tires are quickly applied in their place. The present size range includes 6.50-16; 7.50-15; 8.25-15 and 9.00-13 Airwheel tires which provide one or more sizes for 15 different models of automobiles.

Notes

Sunday is the one day of the year set aside as a tribute to mothers, whether living or dead. In harmony with the sentiments of this day, Pastor Fricke will preach a sermon on the Biblical subject: "Honor Thy Mother!" The flowers appearing on the altar have been donated by sons and daughters in memory of a departed Christian mother and will be distributed as messengers of good cheer to the sick and shut-ins after the service.

Much of the signs of tribute to mothers on this day however is only of passing significance and prompted by the mass emotionalism of a sentimental public. The true basis for honoring mother and paying her enduring tribute are the Christian principles of love, respect, and service set forth in the Holy Scriptures. The wearing of carnations and presenting Mother with material tokens of esteem are not the highest expressions of filial regard. Most mothers would be more highly honored and pleased, if their sons and daughters would join other sons and daughters in a service of worship and gratitude to God for all that they have meant in the lives of their children.

Honor your mother Sunday by coming to church and thus emphasizing the spiritual significance of this day. You are invited to join us Sunday morning in humble and grateful worship to God, who has given us Christian mothers.

Red Wings Lose To State Line Stars

The Arlington Heights Red Wings and the State Line Stars played a warm-up game on the home grounds of the Red Wings on the south side last Sunday afternoon, the result of which was a 5 to 1 score in favor of the State Line Stars.

Although the records of the scorekeeper indicate that the Red Wings collected 12 hits to the 10 for the Stars they were unable to bunch them sufficiently to get more men across the plate. Each team made three hits in the inning. Two were turned into scores by the Stars and only one by the Red Wings. Art Dieball, veteran pitcher for the Stars, was able to induce the Red Wings to string out their hits 1 or 2 per inning throughout the entire game. "Peanuts" Meyer and "Marty" Bencie turned in a right smart performance against the experienced batsmen of the Stars. "Peanuts" pitched the first five, the Stars were held hitless in three different innings. Bolte played a very consistent game behind the bat. H. Swanson played first base; F. Brodman second base; Bencie, Hertel and Dobbins alternated at short; Willert third base; W. Swanson and "Otts" Meyer alternated in left field; Baxter and "Red" Meyer alternated in center field and Pitzer played right field.

The Red Wings, as a young team, showed their potential power in gathering their 12 hits against a veteran pitcher. The last five scoreless innings of the game indicated that their defensive strength should be first-rate. Some good, snappy and interesting baseball can be expected of the Red Wings this summer.

They hope to be able to announce their schedule within a week or so which will include the best teams that can be found in this section of the country.

The Red Wings will play the Emigrant A. C.'s from Chicago, at the home grounds here in Arlington Heights on South Highland avenue next Sunday afternoon, May 8. The game will commence promptly at 3:00 p. m.

Arlington Red Wings would like to book games with teams of surrounding towns. Any team wishing to book games can do so by calling Arlington Heights 175-R between 6:30 and 7:30 and ask for Ben, or Arlington Heights 85-R between 6 and 7 any evening.

BOWLING NEWS

GUS STEINKES WIN OVER ARL CANDY BY ONE GAME

The Monday Night Bowling league came to a close April 18, with Gus Steinkes' boys winning by one game over Arl. Candy and Gieseke's Store boys and the Kehe Motor Truck Drivers tie for third place and Karstens last year's champs, landing in 5th place, and the Dreyer boys in 6th place, but a very dangerous team to meet on any set of alleys.

First individual average was held by Al. Carlson, who held a 203 average for 90 games and also individual three game series with 692 and had high season game with 279, too much Al Carlson in the paper and too much stuff on the ball. Paul Purcell had second individual series with 682, and Wm. Stone had 3rd with 681.

Just came from the alleys and the Kehe Motor boys suggest that the Gieseke's Store boys bowl off that tie on Friday evening at 7 p. m. O. K. Kingfish, we'll be there three games across six alleys and no foul man.

Let's see the boys in action for the last time this spring.

EVEN gad-about are becoming homebodies these days.

Instead of going places every evening, people are playing bridge or reading or listening to the radio at home. Instead of dining out, people are enjoying dinners cooked in their own kitchens, served in their own dining rooms.

Look back over the last few months. Haven't you been staying home more evenings than you used to?

Perhaps this is having some effect on the bill for gas and electricity you receive once a month. Perhaps this bill is a little higher now than it used to be—in spite of reduced rates for both these services. Here's why: Having more dinners at home, doing more baking, serving foods that require long-cooking mean your gas range is working longer hours. Washing more dishes means heating more hot water, using more gas. Playing more bridge and reading more books mean burning more electric lights.

But have you ever figured out what a real bargain these pleasant evenings at home are? Even if your bill for gas and electricity is a little higher than it was once, you're spending less than you'd have to for outside entertainment.

And don't forget that in spite of the fact that most of us are spending more time in our homes, many bills for gas and electricity are lower. Nearly \$2,000,000 has been saved by families living in northern Illinois during the last eighteen months because of reductions in rates for these services.
